Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent.

Column and line numbers should be used to designate changes, not claim and line numbers. The "from" conditions in the correction document do not match with the actual claims.

In view of the foregoing, your request is hereby denied.

Further consideration will be given your requests upon receipt of a 1050 form with the appropriate column and line numbers.
